

DONOR ADVISED FUNDS

America's Most Popular Tool for Charitable Giving

A donor advised fund (DAF) is like having your own private foundation. Once created, you can recommend grants from your DAF to your preferred charitable ministries at any time. The purpose of a DAF can be very focused: to give money away to further the Kingdom of God. The staff at The Orchard Foundation has the specialized skills required for investing, administrating and documenting DAFs, thus relieving you from the burden of complex regulatory details.

A DAF gives you an immediate tax deduction for the market value of your donation, but allows you time to decide which ministries you want to support. Using appreciated securities to fund your DAF will also let you avoid capital gain taxes, giving you a dual tax advantage.

A donor advised fund through The Orchard Foundation provides the following benefits:

- Easy to set up, with no attorney or setup fees involved
- Optimal stewardship of your resources with a minimal investment of your time
- Immediate tax benefits
- Flexibility to recommend grants to a variety of your favorite charities over time
- Anonymity, if desired
- Legacy of family giving
- Above market rate investments through The Alliance Development Fund, Inc., allowing you to give even more
- Online access and interactivity through our user-friendly DonorFirst™ site, which allows you to conduct all your DAF activity from your home and provides you with up-to-date information on strategic ministry needs and giving opportunities

What you can expect from The Orchard Foundation

- Integrity
- Client-Focused Service
- Excellence
